RE: DMI KEG RIVER – TWIN LAKES FINAL HARVEST PLAN

Dear Mr. Whitmore

Sustainable Resource Development staff have reviewed Daishowa-Marubeni Peace River Pulp Division's (DMI) Final Harvest Plan for KEG RIVER – TWIN LAKES dated May 27, 2009 and submitted June 5, 2009. The plan *approval is granted* subject to the following conditions:

- 1/ All operations are subject to the 'Manning Diversified Forest Products Ltd. Operating Ground Rules' dated February 2009.
- 2/ Retention standards are subject to the protocols noted in the DMI/CANFOR GDP for 2009.
- 3/ Approval for this FHP is granted, pending resolution to the 'regeneration of conifer areas' in a Manner that is satisfactory to SRD, before the submission of the 2010 Silviculture Plan.

Be advised that approval of DMI's KEG RIVER – TWIN LAKES Final Harvest Plan 2009-2010 does not transfer the accountability for the plan or its implementation from the DMI or the submitting Registered Forestry Professional (RFP) to SRD or its staff.

Should you have any questions or concerns regarding this approval, please contact Dave Sadowsky, Area Forester at (780) 624-6454.

Sincerely
