

Peace River Pulp Division

SPRUCE SOFTWOOD KRAFT PULP

Life begins in the forest and that is why DMI manages this precious resource with responsible practices.

DMI is dedicated to the sustainable use and responsible stewardship of the forest resources entrusted to our care. In keeping with this commitment, DMI has implemented a very deliberate and comprehensive certification strategy for its Forests and Mill Operations positioning the organization as a world leader. DMI has chosen to pursue the Canadian Standards Association Z809-02 Standard for its Forest Management Agreement area with an ISO 14001:2004 certified Environmental Management system providing the foundation and direction. Our mill operations are also certified with an ISO14001:2004 and 9001:2008 certified Environmental & Quality Management Systems. Our certification achievements confirm that we are meeting the highest environmental standards and ultimately, results in higher levels of environmental performance, providing a framework for continued improvement.
