Peace River Pulp Division

Process Technician

The **DMI Peace River Pulp Division (PRPD)** is an integral part of the Canadian forest products industry, providing the North-West, Alberta region with approximately 300 jobs while sustainably managing the forests. A career at DMI PRPD offers an opportunity for growth, meaningful work and a collaborative learning environment. Throughout your career you will be supported by a team of highly skilled professionals and provided the self-motivating environment needed to make your goals achievable.

The Peace River Pulp Division has an opportunity within our Technical Department for a highly motivated individual to fill the role of Process Technician. This position is responsible for helping maintain the production of a high quality pulp product through the completion of various tests and experiments.

Role and Responsibilities

- Complete laboratory testing, analysis and report writing on pulp quality and process efficiency.
- Conduct calibration and process optimization; as well as troubleshooting.
- Work closely with the operations group to accomplish weekly testing responsibilities.
- Follow our procedures and initiatives to maintain quality pulp production.
- Conduct technician routines as outlined in the technician progression system.
- Additional duties, as required.

Qualifications and Experience

The successful candidate will possess a high school diploma, or equivalent, as well as a Chemical Technology or Chemical Engineering Technology Diploma. Other science related degree programs (with a minimum of two years' experience) may also be considered.

Candidates should also have:

- Strong technical abilities and problem solving skills.
- Extensive communication skills both verbal and written.
- Advanced MS Office experience is required, particularly MS Excel.
- Ability to prioritize workloads, manage projects, think critically and overall flexibility are essential.
- Proven safety conscious individual with an understanding of lab safety best practices.
- Industrial laboratory experience will be considered an asset.

Application Process

Submit your resume to PRPD's HR Dep't by January 16, 2019.

Please quote competition number CN1889.
